**productronica India | International Trade Fair for
Electronics Development and Production**

Date: Sep 25 - 27, 2019

Global Electronics Network. Success to a Power of 3

The electronics community meets at our global exhibition network. Players of the electronics industry. With impetus for business. Direct. Strategic. And along the entire value chain.

- It started with electronica—the World's Leading Trade Fair and Conference for Electronics and productronica—the World's Leading Trade Fair for Electronics Development and Production.
- Made in Germany, adapted and advanced for the growing markets in China and India.
- Organized by Messe München and its subsidiaries abroad, with maximum quality and highest service standards.

Recipe for success: Master Complexity. Because:

- The Global Electronics Network is the global control center for the electronics industry.
- On-site support is provided by local experts.
- Implementation and execution are reliable, flexible and service-oriented.

Added value in the exhibition network: Interaction and Inspiration

Our Global Electronics Network combines innovations and trends with country-specific central themes. Precisely adapted to the markets. With specific impetus and ideas for the electronics business. National. Global. For exhibitors and visitors.
